

April 2009

Penn Jersey Chapter Chat

2009 DESIGN AWARDS

The Adventure Aquarium was the place to be on Saturday, February 28.

148 members came out to vote for their favorite pool and spa entries and enjoy a New Orleans evening.

15 companies helped sponsor the event with 30 member companies participating. A new member to Penn Jersey chapter, Gasper Landscapes Inc. in Richboro, PA won Best of Show. Check out all the winning entries on the [design awards web page](#).

Mark your calendars for next year! Penn Jersey will host next year's event at the

Adventure Aquarium

February 20, 2010!

Don't let your membership expire

Almost everyone's effected by today's economy but some things are worth holding on to. Membership to Penn Jersey will continue to offer large education discounts, referrals to consumers, up-to-date codes and standards access. Renewal dues and education can both be paid in installments with no interest.

Education, Education, Education

This education season was a busy one with a few new seminars as well as some old favorites. February brought us Salt Water Systems. 25 members came out to learn the benefits of salt and the cost of salt system versus standard chemicals. March brought a snowy start to the month with the first day of Tech I being cancelled. Our instructors made up for lost time the rest of the week with a 100% pass rate for our students. March 4 combined basic water chemistry for the Tech

students as well as new company employees. John Lucey discussed water balance, sanitation and effective testing techniques.

Pool Openings was presented to a group on St. Paddy's Day with fresh employees from several member companies. Paulette Pitrak traveled to both West Chester and Harrisburg to educate members on the PA Codes and Standards including VGBA.
